APPENDIX B – TRADING PROHIBITIONS

In addition to the general prohibition against trading on material nonpublic information, the Exchange will institute additional prohibitions for trading the contract. Persons under 18 years of age are not permitted to create Kalshi accounts. The following individuals will be prohibited from trading:

- Current and former players, coaches, and staff of the league, association, or organization(s) governing <basketball game>.
    - For college leagues/associations specifically, or where otherwise appropriate (as identified by the Exchange), this applies to current and former players/coaches/staff of the specific teams in <event> rather than the league/association as a whole (e.g., if the Division I Gonzaga Men's Basketball Team is playing in <basketball game>, this prohibition will restrict trades by current/former players of that team, rather than all current/former players/coaches/staff in any NCAA sport);
- Paid employees of the league and league participants;
- Ultimate beneficial owners of teams and the league; and
- household members and immediate family of all above.

These prohibitions apply to the appropriate values of <basketball game>.
