ENGAGEMENT

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the engagement status of <person>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agencies are, in hierarchical order, statements from <person> (e.g., verified social media accounts, personal websites, or interviews), representatives or publicists of <person> (in an official capacity), statements from the fiancé(e) (e.g. verified social media accounts, personal websites, or interviews) that are not denied by <person>, People Magazine, TMZ, Variety, The New York Times, The Guardian, the Associated Press, Reuters, Axios, Politico, Semafor, The Information, The Washington Post, The Wall Street Journal, ABC, CBS, CNN, Fox News, MSNBC, and NBC.

Type: The type of Contract is an Event Contract.

Issuance: After the initial Contract, Contract iterations will be listed on an as-needed basis at the discretion of the Exchange and corresponding to the risk management needs of Members.

<person>: <person> refers to an individual, group of individuals, or entity specified by the Exchange. This may include named individuals, groups identified by specific characteristics (e.g. any member of the band BTS), or a combination thereof. <person> is tracked through name changes and may be referenced by nickname or popularly understood names.

<date>: <date> refers to a calendar date specified by the Exchange. The Exchange may list iterations of the Contract corresponding to variations of <date>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that <person> has announced their engagement after Issuance and before <date>.

For the purposes of this Contract, an engagement is defined as a public announcement that <person> intends to marry a specific individual. The announcement must be made by <person>, their official representative, or their fiancé(e), and must be publicly accessible and verifiable before <date>.

Acceptable language includes direct or widely understood references to engagement (e.g., "we're engaged," "I said yes," "he proposed," etc.), and may include contextual indicators such as a visible engagement ring or named partner. If <person> becomes after Issuance and before <date>, engaged and breaks off the engagement or decides not to marry, the market will resolve to Yes based on the original engagement announcement.

Examples that would resolve the market to Yes:
- <person> posts on their verified Instagram, "We're engaged!" with a photo of a ring or tagged partner.
- A publicist for <person> issues a press statement confirming the engagement.
- <person> confirms in a televised interview that they are engaged.
- The fiancé(e) posts an engagement announcement, and <person> shares or confirms it publicly.

Examples that would NOT resolve the market to Yes:

- Rumors or speculation published without confirmation from <person> or their representative.
- A report from a media outlet citing unnamed sources, with no direct quote or confirmation.
- Posts or statements that are jokes, sarcasm, or ambiguous and not clearly an engagement announcement.
- An engagement that took place earlier but was only revealed after <date>.
- Engagements announced solely by third parties without acknowledgment from <person>.
- <person> gets married without announcing their engagement.
- <person> reports that they are intending to get engaged, but have not as of <date>.

Minimum Tick: The Minimum Tick size for the Contract shall be $0.01.

Position Accountability Level: The Position Accountability Level for the Contract shall be $25,000 per strike, per Member.

Last Trading Date: The Last Trading Date of the Contract will be the day prior to <date>. The Last Trading Time will be 11:59 PM ET.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The latest Expiration Date of the Contract shall be one week after <date>. If an event described in the Payout Criterion occurs, expiration will be moved to an earlier date and time in accordance with Rule 7.2.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is $1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(d) of the Rulebook. If an Expiration Value cannot be determined on the Expiration Date, Kalshi has the right to determine payouts pursuant to Rule 6.3(b) in the Rulebook.
