

LCPI

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is the set of signed U.S. one-month percent changes in the seasonally adjusted Consumer Price Index for All Urban Consumers (CPI-U) published by the Bureau of Labor Statistics (“BLS”) for each month in <period>. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Instructions: The Underlying can be accessed at <https://www.bls.gov/cpi/>. A schedule of release dates is available on the BLS website (https://www.bls.gov/schedule/news_release/cpi.htm), and the data is released at 8:30am ET. Each month’s report is available at the following stable URL, which automatically displays the latest available report: <https://www.bls.gov/news.release/pdf/cpi.pdf>. The Underlying for a given month is typically listed in the first sentence of the first page of the monthly report under the heading “CONSUMER PRICE INDEX-[Month/Year]”. For example, in the CPI report for December 2021, the first sentence is “the Consumer Price Index for All Urban Consumers (CPI-U) increased 0.5 percent in December on a seasonally adjusted basis...” so 0.5 percent would be the value for the month of December 2021. Historical reports from prior months are available on the Bureau of Labor Statistics website at the following link: <https://www.bls.gov/bls/news-release/cpi.htm>. If you select the year in question, links to CPI reports from months in that year will be displayed. These instructions on how to access the Underlying are provided for convenience only and are not part of the binding Terms and Conditions of the Contract. They may be clarified at any time.
