

SUPERCON

Scope: These rules shall apply to this contract.

Underlying: The Underlying for this Contract is peer-reviewed research on superconductivity (excluding research conducted by researchers at the institutions of the authors of the two July 2023 papers on LK-99). Such research must be published by a journal in the first quartile of Condensed Matter Physics journals ranked by SCImago Journal Rank at the time of resolution or any journal with a SJR rank of >1.0. Revisions to the Underlying made after Expiration will not be accounted for in determining the Expiration Value.

Source Agency: The Source Agency is Kalshi.

Type: The type of Contract is an Event Contract.

Issuance: The Contract will be issued on a custom basis.

<date>: <date> refers to a calendar date specified by Kalshi. Kalshi may list iterations of the Contract corresponding to different statistical periods of <date>.

Payout Criterion: The Payout Criterion for the Contract encompasses the Expiration Values that a peer-reviewed research on superconductivity (excluding research conducted by researchers at the institutions of the authors of the two July 2023 papers on LK-99) reports the discovery of a material that has both a critical temperature (T_c) which exceeds 296 kelvin (73.13 degrees Fahrenheit), electrical resistivity of 10^{-10} ohm-centimeters or lower, and which demonstrates the Meissner effect. That material need not be LK-99.

Minimum Tick: The Minimum Tick size for the referred Contract shall be \$0.01.

Position Limit: The Position Limit for the \$1 referred Contract shall be \$25,000 per Member.

Last Trading Date: The Last Trading Date of the Contract will be the sooner of the first 10:00 AM ET following the occurrence of an event encompassed by the Payout Criterion (whereupon the Last Trading Time will be 10:00 AM ET) or <date> (whereupon the Last Trading Time will be 11:59 PM ET).

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Market Outcome is under review pursuant to Rule 7.1.

Expiration Date: The Expiration Date of the Contract shall be the sooner of the date of the first 10:00 AM ET following the occurrence of an event that is encompassed in the Payout Criterion or the first 10:00 AM ET following <date>.

Expiration time: The Expiration time of the Contract shall be 10:00 AM ET.

Settlement Value: The Settlement Value for this Contract is \$1.00.

Expiration Value: The Expiration Value is the value of the Underlying as documented by the Source Agency on the Expiration Date at the Expiration time.

Contingencies: Before Settlement, Kalshi may, at its sole discretion, initiate the Market Outcome Review Process pursuant to Rule 6.3(c) of the Rulebook.
